

SCOPE

This policy applies to all staff and learners in NextStep Training Ltd and its partners.

STATEMENT

NextStep Training Ltd recognises the need to act sustainably across all its operations. This means both legislative compliance, as well as the wider social responsibility, to minimise environmental impact and promote sustainability.

KEY POINTS

- NextStep Training Ltd accepts its obligation as an education provider to set a good example of sustainable practice by adopting, as far as possible, recognised good practice across all its operations. This will be addressed as an ongoing process recognising the need to prioritise and to work within available resources.
- In order to act sustainably NextStep Training Ltd will develop management systems that seek to identify and benchmark current performance and then move forward with continuous, measurable improvements.
- NextStep Training Ltd will seek to embed and promote the principles of sustainability within curriculum delivery in the main subject areas. This will help to achieve significant cultural change within the community, but can only be achieved by a cultural change within NextStep Training Ltd - both by staff and learners.
- NextStep Training Ltd will identify and review its sustainable development priorities on an annual basis.
- This process will have the full commitment of the Senior Management Team.
- NextStep Training Ltd will establish systems that enable both staff and learners to feel involved with the implementation of this policy Statement.
- NextStep Training Ltd will seek to reduce its carbon footprint in line with national targets with the possibility of introducing an externally audited environmental management system.
- Members of the Sustainability Working Group will have active roles in the wider further and higher education sectors to support a broader drive towards a more sustainable future.

This policy will be monitored by the centre manager **Zakariyya Vesamia** who will also be responsible for its creation, dissemination, implementation, review and evaluation. Its day-to-day operation will be controlled by all responsible managers.

The processes involved will include:

- Changes in policy communicated to staff via the Staff Bulletin and Centre Management meetings.
- Policies and procedures plus information and guidance for staff and learners placed on the intranet.
- Staff development activities including staff induction to raise awareness.
- Review meetings at all levels will include implementation of policies and procedures.
- Managing, monitoring and communication of Sustainable 'Future' and 'Focus' Groups.

Monitoring Officer: Centre Manger, **Zakariyya Vesamia**

Targets for Continuous Quality Improvement:

Targets and actions in the Team Plan and Quality Improvement Plan annually

Monitoring, Review and Evaluation:

This policy will be monitored and reviewed through reporting to centre manager **Zakariyya Vesamia**. Raising awareness of sustainability issues to be given to learners by all delivery staff members, assessors and tutors as part of their initial induction process and tutorial programme.
